**Temporary Key** – a temporary license enabling the Client to use the chosen Software for the period of 30 days;

**Consumer** – a natural person performing a legal act not directly related to its business or professional activity;

**Software** – computer programs, produced and distributed by CAD Projekt K&A: 'CAD Kitchens' or „CAD Kitchens MAX' or 'CAD Decor' or 'CAD Decor PRO' with or without optional modules: 'CAD Cut' Module or 'Professional Rendering Module' or 'Export 3D Module' or 'Ceramic Tile Design Module' or 'Ceramic Tile Design Module with Tile Database Editor' or 'Cabinet Design and Edition Module';

**License Agreement** – an agreement determining the detailed terms and conditions of using the Temporary Key, included in the Software.

### General Provisions

1. The Customer can order the Temporary Key by contacting the **CAD Projekt K&A's Sales Department** or the **local dealer**.
2. The Customer is entitled solely to a **single purchase of a Temporary Key for a particular Software**.
3. The second key timer does not start on a computer that previously operated another purchased key.
4. The current price of a Temporary Key is provided in the Pricelist published at the English version of the CAD Projekt K&A's website at: <https://www.en.cadprojekt.com.pl/pricelist/#cenniktab5>. The given price of a Temporary Key is a net price. CAD Projekt K&A is entitled to make changes and update prices, and informs about it at the website provided above.
5. The Customer is obliged to comply with the terms and conditions of the License Agreement, which must be accepted in order to use the Software at the moment of purchasing it.
6. The Temporary Key will be delivered by courier. **CAD Projekt K&A bears the total cost of delivery on Polish territory. In the case of delivery outside Poland, the shipping costs shall be borne by the Customer.**

### Using the Temporary Key

1. To secure the compliance with the Terms and Conditions of the **License Agreement**, CAD Projekt K&A provides the Customer with a Security Key (computer connector) together with a Temporary Key. If the Customer breaches the provisions of these present Terms and Conditions, CAD Projekt K&A has a right to demand that the Customer returns the Security Key immediately.
2. **The useful life of a Temporary Key** begins at the moment of first launching of the Software together with a Security Key, and expires after the period for which the Temporary Key was purchased (30 days).
3. **Temporary Key after installation requires activation**, which means that we need to enable our Technical Support to remotely access the client's computer by the TeamViewer application.
4. **The Temporary Key not connected to a computer for a period of a few months will decode** and become inactive due to an exhaustion of a built-in battery. Therefore it is recommended to launch the Temporary Key no later than within 3 months after the purchase. Failure to follow these instructions will result in losing the right to the temporary license.
5. **Within the 10 days after the expiry of a Temporary Key the Customer must return the Security Key by post**, courier or in person in the CAD Projekt K&A's office, or otherwise purchase a Software license for an indefinite duration of time. In the second case the Customer does not return the Security Key.
6. The Customer is entitled to **free-of-charge technical service** for the duration of the useful life of the Temporary Key (30 days). Customer for a period of use of the Temporary Key also **has the ability to update the software**. In order to activate the updater, please contact our Technical Support when You first start the software.
7. All technical problems should be reported to CAD Projekt K&A via e-mail or over the phone. Our technical support will react **no later than within 3 working days** from the moment of reporting the problem.
