

Training program

CAD Cut

HOW LONG THE TRAINING LASTS
2 hours

WHERE IT IS HELD
live **online**

The aim of the training is to acquire knowledge and skills in the use of the CAD Rozkrój program. During the classes, participants will learn how to use the tools in practice by working on a specific project. This will allow them to easily apply the acquired knowledge in their daily work and effectively use it in the implementation of their own projects. After completing the training, participants will receive a **personalized certificate** confirming the acquired competences*.
