

## Training program

# Wardrobe Module

### HOW LONG THE TRAINING LASTS

2 hours

### WHERE IT IS HELD

live **online**

The aim of the training is to acquire knowledge and skills in the use of the Built-in Wardrobe Module. During the classes, participants will learn how to use the tools in practice by working on a specific project. This will allow them to easily apply the acquired knowledge in their daily work and effectively use it in their own projects. After completing the training, participants will receive a **personalized certificate** confirming their acquired competences\*.

### ISSUES YOU WILL LEARN ABOUT

#### WARDROBE MODULE

- basic module information

#### MATERIALS

- selecting and saving colour schemes

#### ADDING A STRAIGHT WARDROBE WITH SLIDING DOORS
